Background: Aarton Chireen was a human male lieutenant in the Resistance from Jaymir, where he and his sister Nimi Chireen were recruited by pilot Ello Asty. The siblings were held in reserve until after the Battle of Crait, when they joined the core Resistance group.

In 35 ABY, he was stationed at the Resistance base on the moon Ajan Kloss as a quartermaster. When the YT-1300 light freighter known as the Millennium Falcon returned to the base from a mission on fire, Chireen ordered fire crews to attend to the flames. He then attended a meeting in which it was revealed that the Sith Lord Darth Sidious had returned and that a Sith fleet was going to reinforce the First Order from the planet Exegol.
